### Mirror Class Race Series Result

18<sup>th</sup> May 2019

The abundance of red sails was a joy to behold at the post rigging “photo-shoot” for competitors and then when on the water as there were more than a few “Swallows and Amazons” adventurous moments!

Amid sunshine and laughter the fickle wind toyed with the sailors for two races over an interesting and testing course as individual positions changed as frequently as the wind direction.

The afternoon was a success all round and thanks go to Nick Tasker, for organising the event , Jon Smith as Race Officer and the Safety Boat support team of Bryan Martyn, Andrew Tye and Susie Tye.

The overall results were very close and all who took part should be applauded.

Helm	Total points	Overall position
